#### Does Your Child Have Worms?

Thousands of children suffer from worms, and their parents do not know it. Familiar symptoms of worms in children are:

Disturbed stomach, swollen upper lip, sour stomach, offensive breath, hard and fully belly with occasional griping and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the rectum, short dry cough, grinding of the teeth, little red spots sticking out on tongue, starting during sleep, slow fever.

Grown folks are subject to worms also. The one best remedy is Dr. True's Elixir, the Family Laxative and Worm Expeller. Good for adults also. Mrs. Curtis, of Houston, Texas, believes this, and writes that she will be glad to tell her friends of the benefits she has received. Get a bottle to-day at your dealer. 35c, 50c and \$1.00. #### RANDOLPH

16-Year-Old Lad Claiming Former Home in Barre Taken in Charge.

A lad, 16 years of age, has been about town for several days, apparently with no place to stay, and on Sunday morning he was found in the Methodist church before the morning service. No one could find out his name, but he said he went in to get warm. The pastor, Rev. G. F. Crawford, after questioning him in vain, finally induced him at the close of the service to go with him to Mr. Beedle's, the overseer of the poor, who finally induced him to give the name of Ingram, but it was thought that was an assumed name. He said he was formerly from Barre, but that his people were now at Randolph Center, and the authorities have been consulted in regard to him. Saturday he was around the streets and stayed three hours at the rest room. He evidently was in some trouble with his parents, or possibly his mind was deranged.

Henry Seymour, who was known to have a heart trouble for several months, died very suddenly on Sunday morning. For several days he had not been as well as usual, but he got up that morning and ate his breakfast. He then sat down to read his paper, when he fell over the side of his chair and died almost immediately. Mr. Seymour is survived by his wife who was Bertha McIntosh, of this place, and a brother who also resides in town. The arrangements for the funeral are not known.

Twenty-five men met last week and organized a Men's club, and elected W. A. Crane president and F. O. Copeland secretary and treasurer. Seventy-five names were on a petition for the formation of this organization, but none were present but the charter members. If others develop, the club which has yet no name, will take quarters in the old Odd Fellows hall, which will be fitted up for a club room. The fee for entering will be \$5 and the dues 50 cents per month. It is expected that the committees will be appointed by the president, Mr. Crane, and will be announced later.

A large and very tame coon, which was captured on the farm of Burton Spooner while asleep, has been bought by the proprietor of the inn, O. W. Mann, and the little animal, which is a beauty, is about the hall and kitchen of the hotel, making friends with many.

## Since 1854 Quaker Ranges Have Stood the Test of Daily Service!

### A Record That Is Without Comparison

To have commanded public confidence all these sixty years is indeed a proud distinction, but greater still is this fact—Quaker Ranges represent the surest and best ideas of modern range development. That is why the Quaker Range today, like the Quaker Range of old, commends itself immediately to so

many buyers. Stately in its simplicity, nothing is lacking that will add to ease and certainty in baking, and what is just as important, nothing is added for appearances that may hinder rather than help.
